Calendar Change Request Form

The following motion concerns the addition of a new course requirement for the PhD program in the Faculty of Physical Education and Recreation

Rationale: The change to the calendar reflects course requirements for a newly proposed course following a comprehensive process involving member of the Graduate Program Committee, Academic Council, and Faculty Council of the Faculty of Physical Education and Recreation. As there are no current PhD course work requirements, both professors and students recognized the need for a common course to discuss and study the philosophy of scholarly inquiry and communication among the diverse areas of study in the Faculty of Physical Education and Recreation (FPER).

Implementation Type: Normal
Implementation Year: 2016-2017
Type of Change: New Course

Be it resolves that FGSR Council supports efforts to secure the following change to the Calendar with the earliest implementation date being the 2015-17 Calendar.

Table with 2 columns: §231 Course Listings (Current) and §231 Course Listings (Proposed). The proposed listing includes a new course: PERLS 685 Doctoral Research Seminar \*3 (fi 6) (either term, 0-3s-0).

Submitted by:
D Goodwin
Associate Dean (Graduate)

Faculty Approval:
Faculty Executive Committee: September 9, 2015
Faculty Council: Sept 16, 2015
